

May 5, 2017

Dear Parents,

I have asked Damian Schwartz, one of our dads, to come and speak to our fifth through eighth grade students about internet safety and using appropriate language and behavior online. Whether we like to admit it or not, our students are spending more and more time on one device or another both at home and at school. We want to keep them safe and we want them to be responsible in their language and actions. Damian's background is law enforcement and in particular investigating online activity and cyber security. There will be two presentations in the gym on Tuesday, May 16 –Fifth and Sixth grades at 12:15-1:00, Seventh and Eighth grades at 1:15-2:00.

I encourage as many of you as possible to attend one or both presentations. Even if your children are still very young they will be the internet users of the future. All parents are welcome.

Thank you,

*Sister Merris*
