COVID- 19 Notification 4/23/2021

On Thursday, April 22, we were notified that a student in PK4B at Assumption School had tested positive for COVID- 19. We have reported this to our local health department and are actively collaborating with them for guidance and contact tracing. The student was in school on Thursday, April 22. Anyone who was in direct contact (within 6 ft for 10 min.) with the student has been notified and will be quarantining until Friday, May 7 (14 days since exposure).

At this time, we have no evidence to indicate that transmission occurred within the school building. We ask that all families remain vigilant about monitoring and reporting any symptoms, while the school continues to enforce and maintain stringent measures to prevent transmission. Due to the confidentiality laws, we cannot provide additional information at this time. Please call if you have any questions or concerns and as always, we thank you for your cooperation.
